

# HB 369 Exec Session HB 369

## Support: HB 369

**Facts and Evidence:** our legal system supports:

**Yes / No**

- Yes - Deep pocket lawsuits.
- Yes - Shotgun approach in filing lawsuits.
- Yes - Frivolous Lawsuits with the hopes of getting a few bucks.
- Yes - Unreasonable Lawsuit.
- Yes - Lawsuits are filed that have no-foundation.
- Yes - Lawsuits are filed without evidence or facts to back up a case.
- Yes - File Lawsuits for 'gold-diggers.'

In the 100 year plus history, District Courts and the Montana Supreme Court refuse to recognize Lawsuits that are "frivolous" "unreasonable and without foundation." As described above, using extortion, by asking for pretrial cash to end Lawsuits prior to trial.

**House Bill 369:** must be implemented. It will give some protection from the financial damage to people who suffer years in these Lawsuits.

**After 100 plus years Montana need protection from the closed door process.**
